

Kitchener Crane Training Schools

Kitchener Crane Training Schools - We have designed many programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the skilled operator who needs re-certification or certification, and for inexperienced operator who is looking for work in the business. Crane operator positions are in demand because of their high pay. Crane operators are among the highest paid of whatever heavy machinery operator.

Our Crane Training Schools include training and instruction for various mobile cranes. Course subject comprises Wire Rope, Crane Set-up, Lift Planning, Load Dynamics, Signaling, Load Charts and Rigging.

The Crane Training School program is best for operators, riggers and supervisors. Course materials consist of a manual and informative hand-outs. The safety instruction manual which is illustrated features 100 to 250 pages, that depends on the course, of useful and vital material. Course materials comprise load charts and load chart exercises for the crane with which the trainee is working.

Hands-On Safety Training would take up over half of the course curriculum. The practical training section is the most useful method to improving and developing personal skill levels. Only experienced journeyman crane instructors are selected to teach the courses. Our instructors possess many years of practice in the business.

For all the course we provide, we can include optional testing mechanisms to customize your training. A skills test is generally administered for programs which consist of H.O.S.T. People training would be tested and graded.

Certification Training Programs: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; Certification & Testing; and In-The-Seat Training.
